FOR IMMEDIATE RELEASE

Cimetrix Named One of Utah's Top 40 Public Companies

SALT LAKE CITY, UT — September 15, 2009 — Cimetrix, Incorporated (OTC BB: CMXX) (www.cimetrix.com), a leading provider of [factory automation](#) and [equipment control software solutions](#) for the global semiconductor, photovoltaic, and electronics industries, today announced that it has been named one of Utah's top public companies by Utah Business Magazine. The annual list of Utah's Top 40 Public Companies was released in the July 2009 issue of the magazine. Cimetrix was ranked #32 on the list based on Utah Business Magazine's criteria.

"We are honored to be included in the Utah Business Magazine's Top 40 Public Companies list this year. Our inclusion demonstrates our strength and stability during this uncertain economic climate," said [Bob Reback](#), president and chief executive officer of Cimetrix.

Reback continued, "Forbes ranked Utah the 2nd best state for business in 2008; therefore we are among strong companies. Even though the global economic downturn dramatically affected the semiconductor and related electronics industries, the primary market for our [products](#), I believe that our longevity and reputation within the marketplace combined with our stringent cost-cutting initiatives has allowed us to maintain a solid position even within one of the stronger state economies in the country."

The July issue of Utah Business Magazine is available at www.utahbusiness.com.

###

About Cimetrix Incorporated

Cimetrix designs, develops, markets, and supports factory automation and equipment control software for the global semiconductor, photovoltaic, and electronics industries. A leading participant in SEMI standards development, Cimetrix's connectivity software allows for quick implementation of the [SECS/GEM](#), [GEM300](#) and [EDA](#) standards.

The Company's products can be found on virtually every tool type in nearly every semiconductor 300mm factory worldwide. The added-value of Cimetrix's passionate support and professional services creates the industry's only complete software solution. Key products include:

- [CIMControlFramework™](#)
- [CIMConnect™](#)
- [CIM300™](#)
- [CIMPortal™](#)

Cimetrix is an active member of Semiconductor Equipment and Materials International (SEMI), including the SEMI PV Group, and participates in various International SEMATECH Manufacturing Initiative (ISMI) programs. For more information, please visit www.cimetrix.com.
